

BROOM HOG

NO CDL REQUIRED

**SWEEPING POWER FOCUSED ONLY WHERE MATERIAL IS
DOES NOT REQUIRE A TRAILER**

**BROOM TRAVERSES ACROSS THE BACK TO 44" BEYOND EACH TIRE
LOAD MATERIAL DIRECTLY INTO A DUMP TRUCK OR SIDE OF THE ROAD
20 CUBIC YARDS OF MATERIAL PER HOUR**

BROOM HOG

GRINDING, GROOVING, RUMBLING

ADVANTAGES

The Broom Hog is a hard surface cleaning solution that does not require a trailer because it is built on a chassis that can drive at highway speeds. Since the total GVW is under 26,000 lbs, the Broom Hog does **not** require a CDL license to operate.

The broom traverses from the far left to the far right, reaching up to 36" beyond the tire. The dirt and debris is swept directly onto a conveyor belt which eliminates the need for augers that have clogging issues with damp material.

Live manipulation of the over-the-cab discharge conveyer allows for loading into a dump truck or offloading material along the edge of the road.

The narrow and densely packed broom delivers all the horsepower only to the narrow paths of material left by the Rumble Hog. The Broom Hog is capable of sweeping 20+ cubic yards of material per hour with an 8-10 hour operation time.

The Broom Hog uses a 140hp John Deere diesel auxiliary engine which requires no integration with the chassis drive line.

SPECIFICATIONS

BROOM WIDTH: 44" (111.76 cm)

AUXILIARY ENGINE: 140 Diesel John Deere

WATER CAPACITY: 200 gallons (757 liters)

FUEL CAPACITY: 100 gallons (378 liters)

RUNTIME: 8-10 hours

PRODUCTION RATE: 20+ cubic yards per hour

THE HOG DIFFERENCE

- 98% of spare parts orders are shipped on the same day they are received, resulting in minimal downtime.
- Hog Tech University - Our New Learning Management System is the perfect place for your team members to receive certification and on-going training. Certified Operators maximize the productivity of your truck while maintaining the highest levels of safety at the lowest operating costs.
- Hog Technologies has a team of engineers and over 100 years of combined real-world experience to create the world's best solutions in every product we manufacture.
- 24/7/365 customer support is available with Certified Technicians within 10 minutes in multiple languages.
